

## City of Wells Community Park

Donations and volunteers fund the Wells Development Corporation.

We are under the City of Wells but are also independent from them regarding funding and labor.

We want to thank everyone who has donated to the park fund; your donations have been used for purchases for the park, and once everything is put together, all our children will enjoy playing in the park.

We are working on opening the park but have encountered a few problems. We ordered a new playscape post and are waiting for the powder coating to be complete so that park installation work can proceed.

The 100+ degree summer weather put a hold on park work as well as the city utility workers not being able to help us due to water well construction.

We understand that everyone wants the park to open, and we will have it open as soon as possible so that everyone can enjoy themselves.
